

BOB MILLER FLOORING • EST. 60+ YEARS

Sixty years of floors, *laid by hand.*

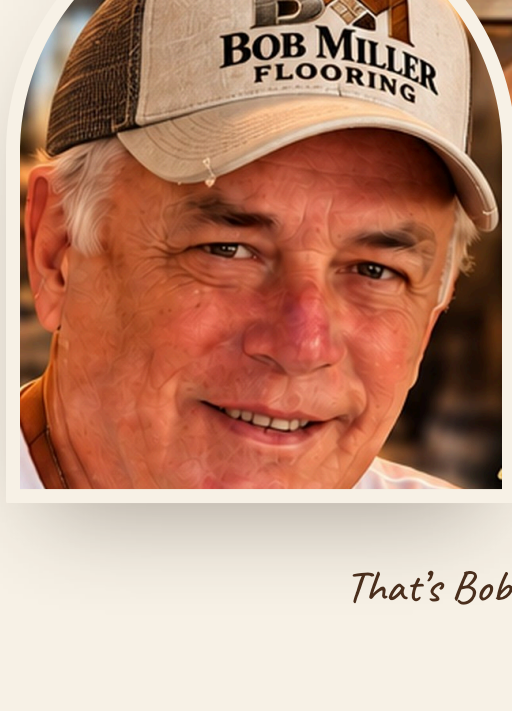

Hardwood and laminate, vinyl and linoleum, carpet, tile, marble and stone. If it goes under your feet, Bob has installed it — and he still checks the subfloor first.

Book a free in-home visit → See a floor come together

SAMPLE QUOTE • FROM INTERVIEW

"I put every floor down like it's going in my own house. That's the whole secret."

Bob Miller

Calacatta marble

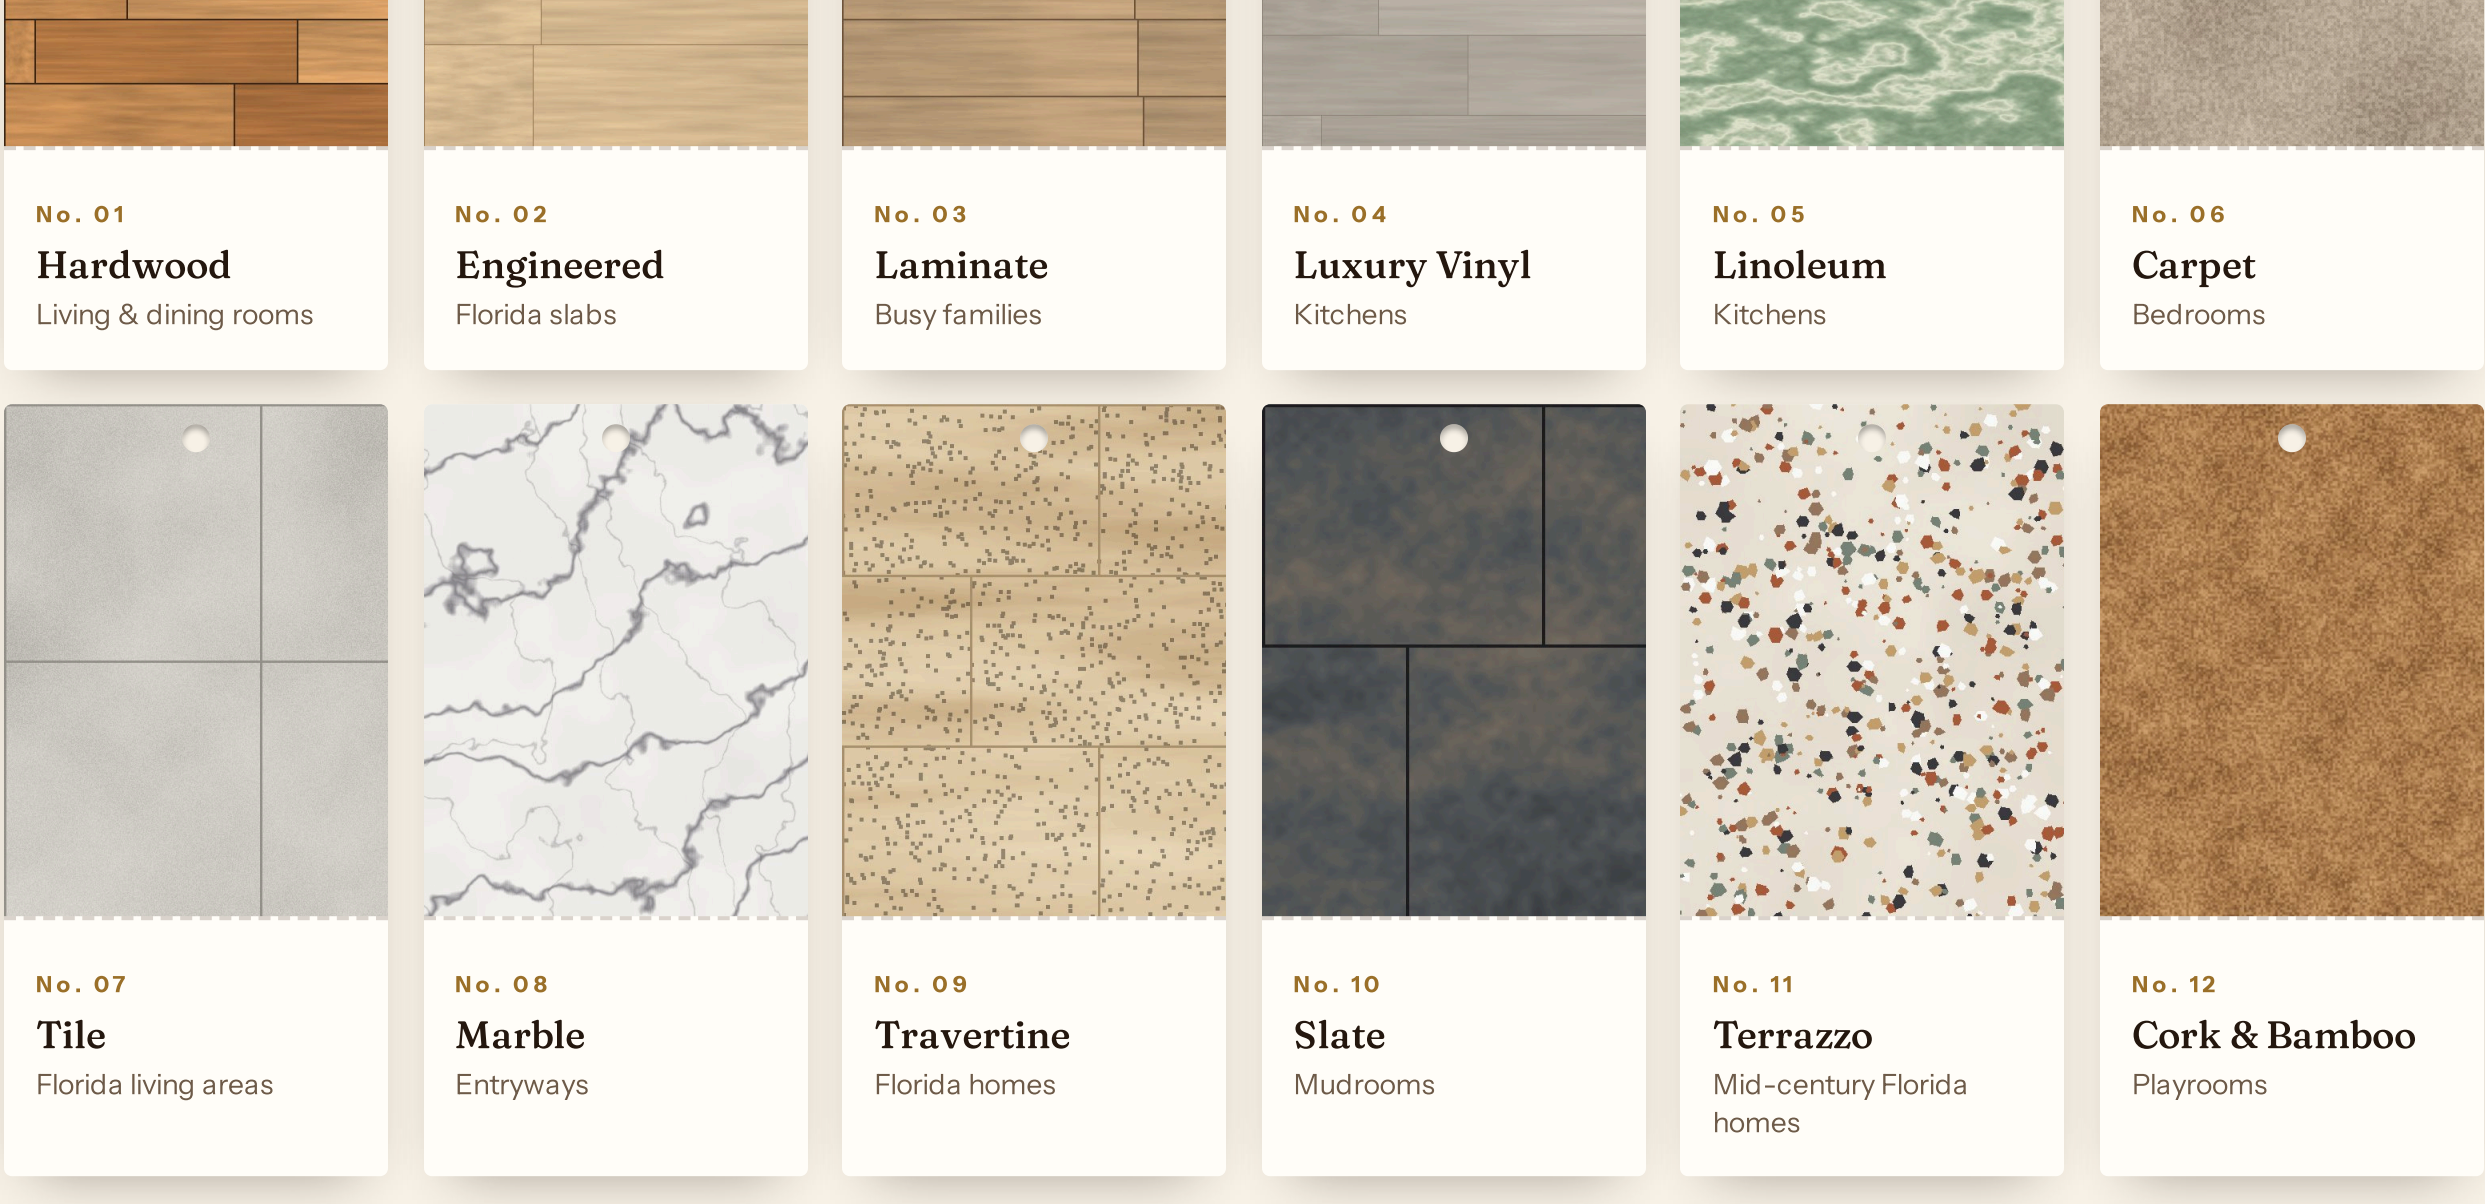

That's Bob. Still on every job.

59+ years laying floors 12 kinds of flooring, one installer 3+1 Florida counties + Pittsburgh \$0 for the in-home estimate

THE SAMPLE BOARD

Every kind of floor. *One standard.*

Bob brings real samples to your home so you can see them in your own light. Tap any sample to learn more.

Meet Bob in 60 seconds

Filmed on a job site

IN BOB'S WORDS

SAMPLE UNTIL INTERVIEW

"Anybody can make a floor look good the day they leave. I want it looking good when your grandkids are running on it."

HOW DID YOU START?

On my knees next to my dad, handing him nails. I was fifteen. I've been on my knees ever since.

WOOD, CARPET, TILE — YOU DO IT ALL?

Sixty years, you learn every floor. The rules are the same: flat, dry, and done right underneath.

WHY FLORIDA AND PITTSBURGH?

Family. And honesty? Both places need someone who knows what they're doing.

Bob Miller

Before

What we found

During

The part nobody shows

After

The floor you live on

FEATURED PROJECT • CORAL SPRINGS, FL

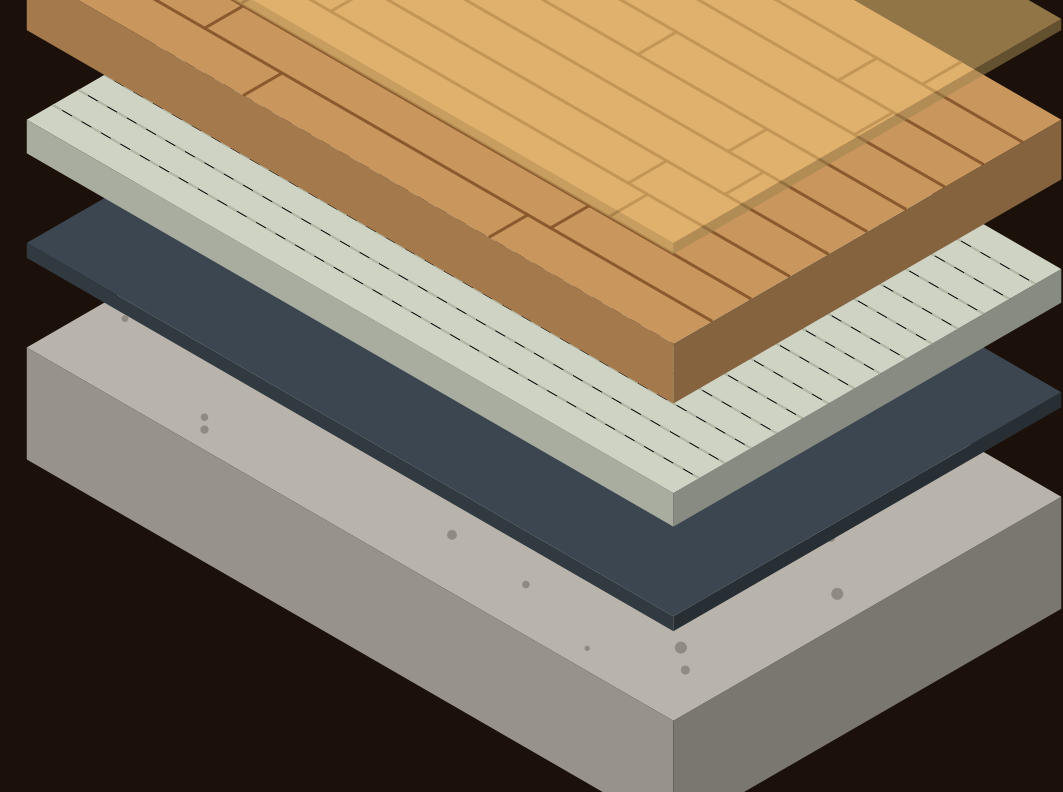

Most companies show you before and after. *Bob shows you the middle.*

The middle is where floors are won or lost. Every project we publish shows the prep, the materials and the decisions, so you can see exactly what you're paying for.

FLOOR	SIZE	TIME
White oak	860 sq ft	4 days

- 1 Tore out carpet, pad and tack strip; scraped old adhesive
- 2 Ground the slab flat and filled the low spot by the window
- 3 Moisture-tested, then laid a vapor barrier and underlayment
- 4 Installed 7" engineered oak; three coats of matte finish

See more projects →

WHAT'S UNDER A BOB MILLER FLOOR

Five layers. Only one of them shows.

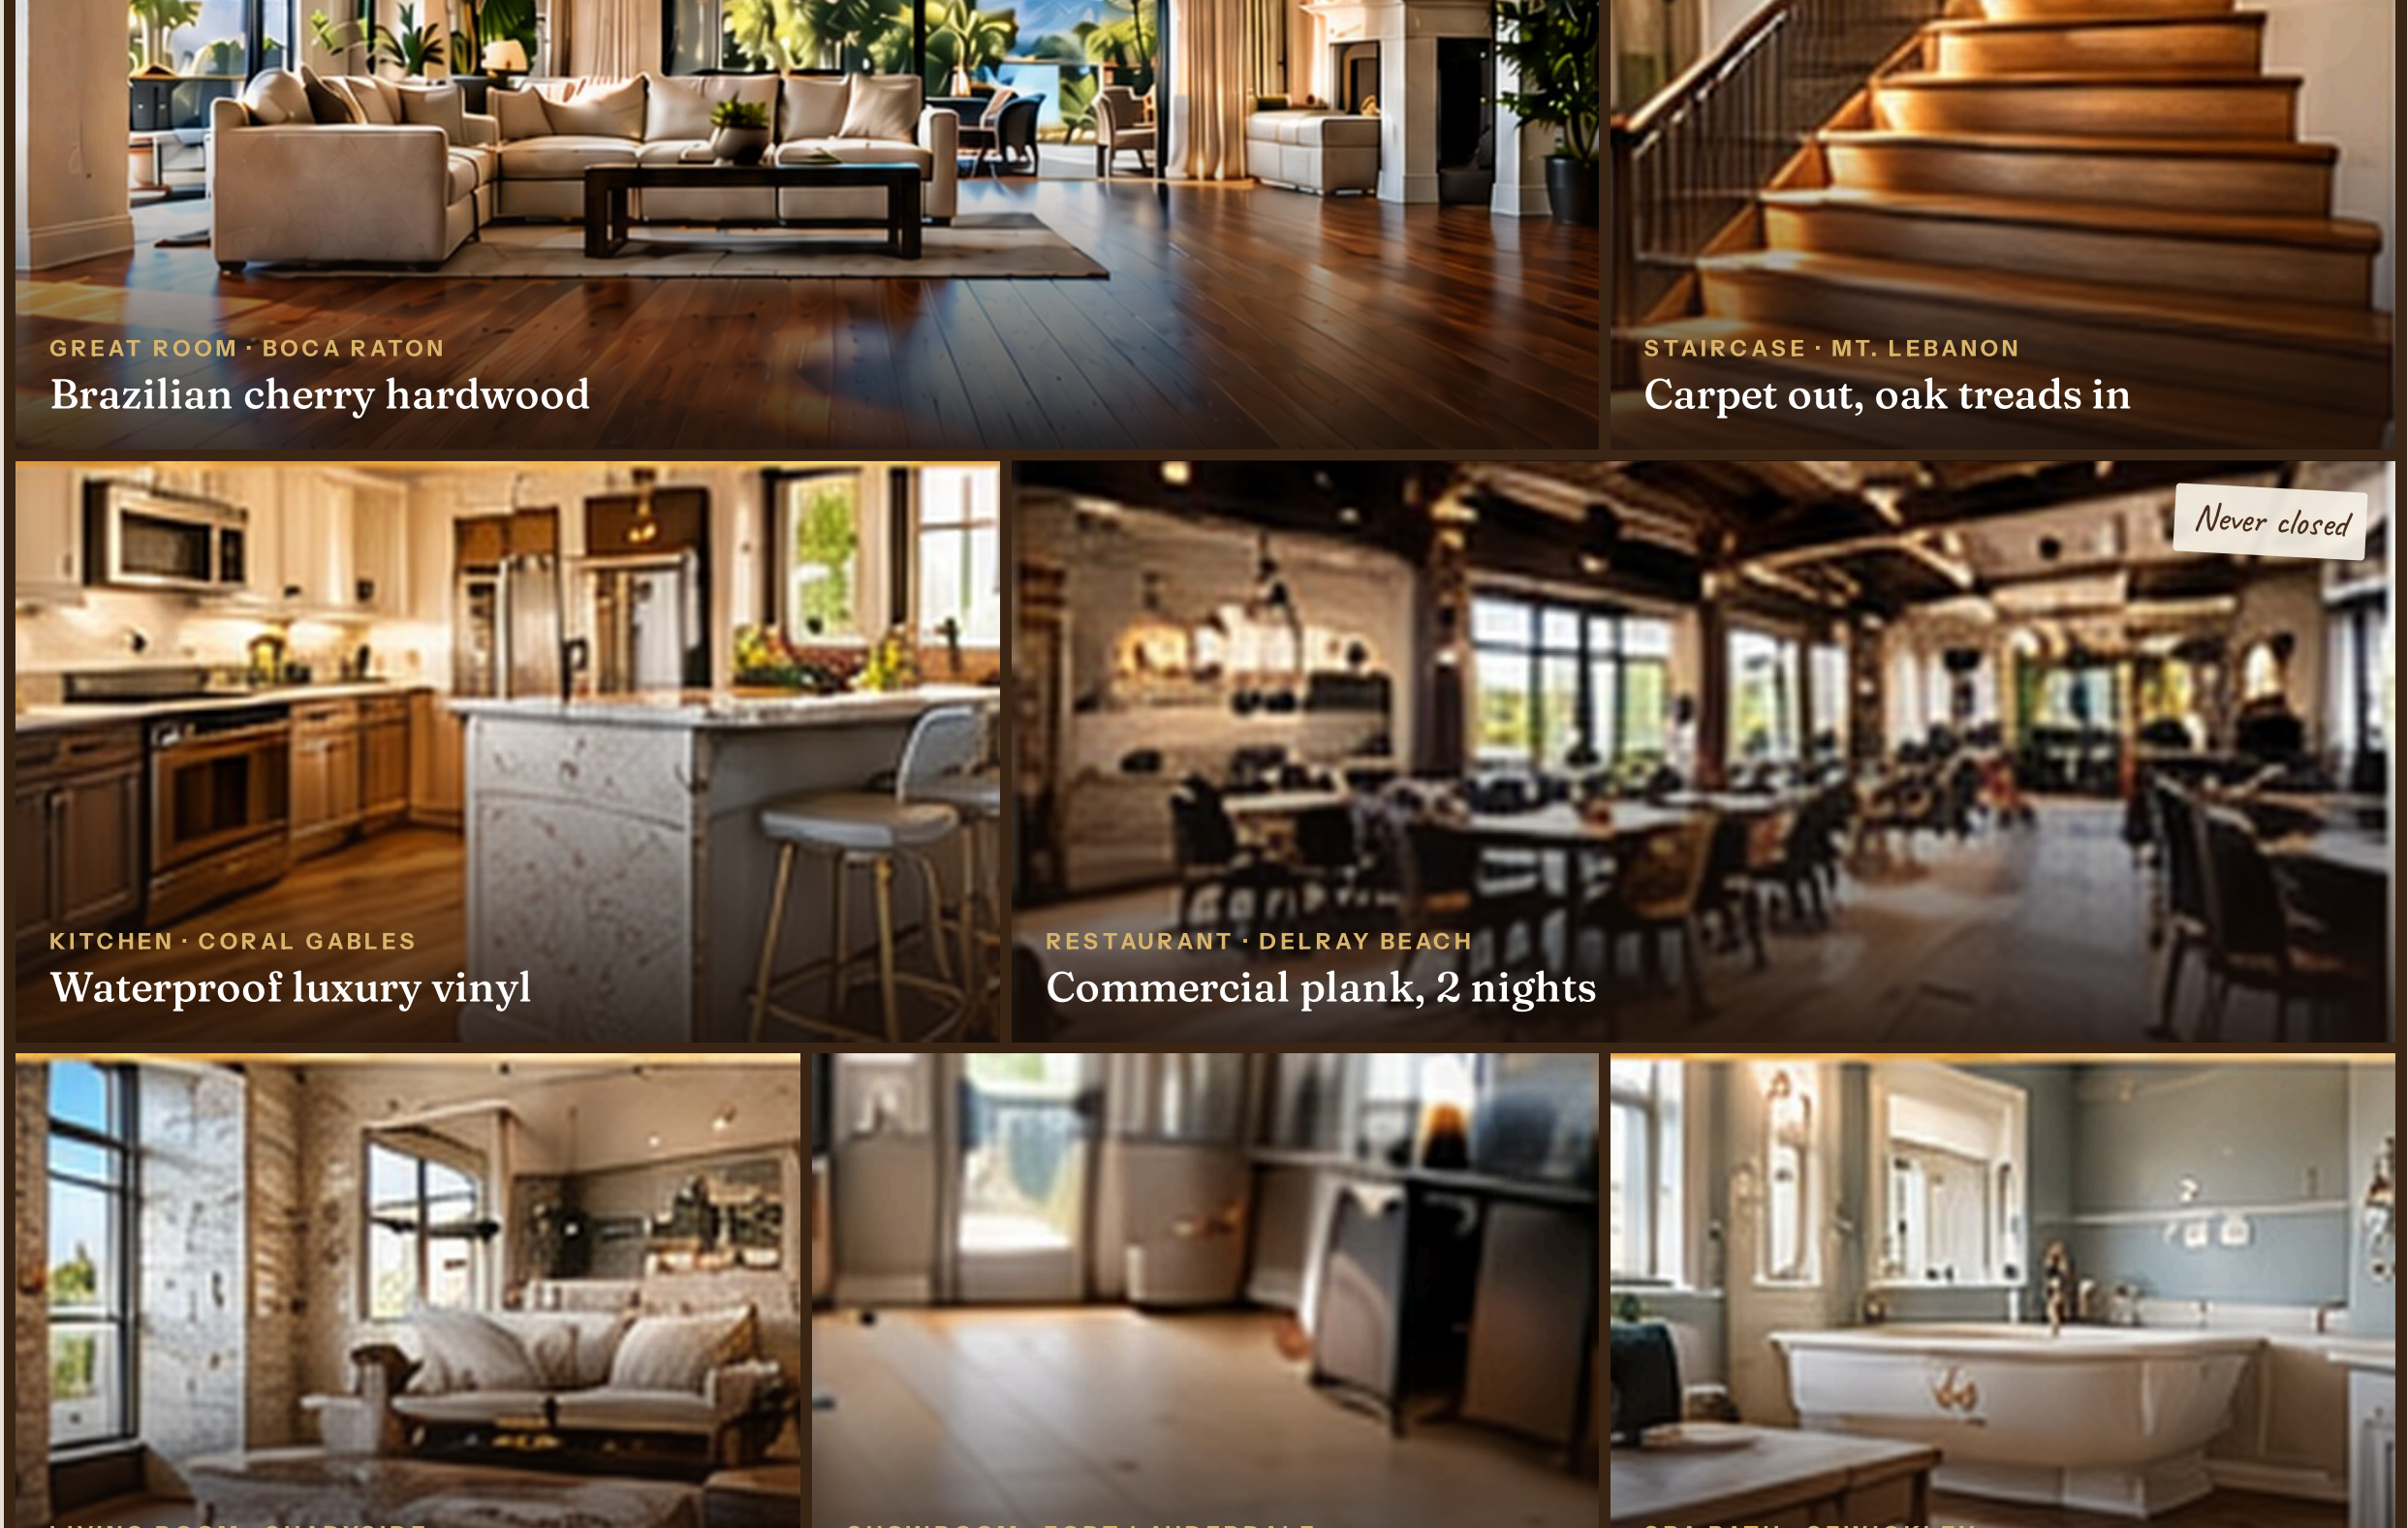

Wood, vinyl, carpet or stone — the layers underneath decide how long it lasts. Tap one to see why Bob won't skip it.

- Wear layer & finish
- The floor itself
- Underlayment or pad
- Moisture barrier
- Slab or subfloor

THE PROJECT WALL

Laid out like the floors themselves.

Browse all projects →

Each board will open its own project page with before, during and after photos. REAL PHOTOS PENDING

PORTFOLIO

Every floor tells a *story.*

Before, during and after — because the middle is where the craftsmanship hides. Drag, filter and tap to look closer.

thousands of these

BOB'S REAL "BEFORE"

Cracked tile and a hollow-sounding spot. Something was wrong underneath.

PROJECT SPOTLIGHT · FORT LAUDERDALE, FL

The floor that was *hiding a problem.*

A quick tile-for-wood swap turned into a lesson in why Bob checks the subfloor first. The old tile was cracking because the slab under it had a failed patch. Fix the slab, and the new floor lasts.

FLOOR	SIZE	TIME
Engineered oak	1,240 sq ft	5 days

Illustrative project for this mock-up.

THE MAN BEHIND THE FLOORS

A lifetime of hard work leaves a *legacy.*

Sixty-plus years. Thousands of floors. One way of doing things: the right way.

linoleum, 1971. oak, always.

Bob Miller

HIS STORY | DRAFT UNTIL INTERVIEW |

Good floors build great lives.

Bob Miller laid his first floor as a teenager, on his knees next to his father, learning that a floor is only as good as what's underneath it. More than sixty years later, he still checks the subfloor first.

In between, he has done it all. Linoleum kitchens in the '60s, shag carpet in the '70s, parquet and terrazzo, marble foyers, Pergo when laminate was brand new, and today's waterproof vinyl. Homes, restaurants, churches, offices and more staircases than he can count.

“Anybody can make a floor look good on day one. I want it to look good when your grandkids are running on it.”

That's why families call Bob back a generation later. It's why business owners trust him to work overnight in their space. And it's why, today, he splits his year between the sunshine of South Florida and the hills of Pittsburgh — two places where people know him by name.

Bob still walks every job. He still shows up when he says he will. And he still cares, maybe more than ever, how it looks and how long it lasts.

THE ROAD SO FAR

Every era had its floor. Bob laid them all.

- 1960s

The first floor
A teenager with a borrowed hammer and his father's patience. One room of oak, nailed by hand — then a lot of linoleum kitchens.
- 1970s

Shag, parquet & terrazzo
Every trend came through, and Bob learned to install each one properly — and how to rescue them later.
- 1980s

Word gets around
No ads. Just happy families telling neighbors. The schedule filled up and the first crew was hired.
- 1990s

Marble, tile & business floors
Marble foyers, porcelain tile and restaurants — done overnight so the doors stayed open.
- 2000s

Laminate arrives
Pergo and engineered wood changed the game. Bob learned which ones last and which ones don't.
- 2010s

Two home bases
Family ties brought Bob to Pittsburgh, where century-old hardwood needed exactly his kind of patience.
- Today

Still setting the standard
Waterproof vinyl, natural linoleum's comeback, and the same old rule: flat, dry and done right underneath.

Decade details are placeholders until Bob's interview.

HOW BOB WORKS

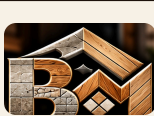

The Bob Miller standard.

- 7:00 sharp**
Shows up
On time, on the day we said. Every time. It's the simplest promise and the rarest.

measure twice
Preps properly
Moisture tests, level checks and subfloor prep come before a single board, tile or roll goes down.

broom every night
Leaves it clean
Dust containment, daily tidy-ups and a final walk-through. Your home stays your home.

his name's on it
Stands behind it
If something isn't right, Bob makes it right. His name is on the cap — and on the work.
- BOB'S CREW
- ## Hand-picked. *Bob-trained.*
- Bob can't be on every floor at once — so he built a crew of skilled, trusted craftsmen who work to his standard: wood and laminate installers, tile and stone setters, and carpet specialists. Every one is vetted by Bob personally, and every job still gets his eye.
- Bigger project? Tight timeline? The crew means you get Bob's way of doing things without waiting months on his calendar.

FLOORS & SERVICES

Every kind of floor, *done right.*

Hardwood to carpet, linoleum to marble. Twelve families of flooring, installed by one crew with one standard.

Twelve floors. one standard.

THE MATERIAL LIBRARY

Twelve floors we install.

Every one of these is installed by Bob's crew — no handing you off to a stranger.

No. 01

Solid Hardwood
Oak, hickory, maple, walnut and exotics. Can be sanded and refinished for generations.
Best for: Living & dining rooms, bedrooms, older Pittsburgh homes

No. 02

Engineered Wood
A real-wood top layer over a stable core. Wood's beauty, far more stable over concrete.
Best for: Florida slabs, condos, wide-plank looks

No. 03

Laminate (Pergo-style)
Photographic wood or stone look on a tough, scratch-resistant core. Pergo and similar brands.
Best for: Busy families, rentals, budget-smart whole-home jobs

No. 04

Luxury Vinyl Plank & Tile
Rigid-core SPC/WPC plank that looks like wood or stone and is 100% waterproof.
Best for: Kitchens, baths, basements, pets and kids

No. 05

Linoleum & Sheet Vinyl
Natural linoleum (Marmoleum) and seamless sheet vinyl. Retro colors, easy cleaning, few seams.
Best for: Kitchens, laundry rooms, clinics, classrooms

No. 06

Carpet
Berber, plush, frieze and carpet tile, stretched tight over quality pad. Soft, warm and quiet.
Best for: Bedrooms, basements, Pittsburgh winters, offices

No. 07

Porcelain & Ceramic Tile
Large-format, wood-look and patterned tile, set flat with tight, even grout lines.
Best for: Florida living areas, baths, kitchens, patios

No. 08

Marble
Carrara, Calacatta and more. Honed or polished, sealed properly, laid with care.
Best for: Entryways, primary baths, showpiece rooms

No. 09

Travertine & Limestone
Warm natural stone in Versailles and straight patterns. Filled, honed or tumbled.
Best for: Florida homes, pool decks, patios, sunrooms

No. 10

Slate & Natural Stone
Slate, quartzite and flagstone with natural texture and slip resistance.
Best for: Mudrooms, foyers, kitchens, outdoor areas

No. 11

Terrazzo
Terrazzo restoration and terrazzo-look tile. Polishing, crack repair and new installs.
Best for: Mid-century Florida homes, lobbies, commercial

No. 12

Cork & Bamboo
Eco-friendly options. Cork is warm and quiet; strand bamboo is very hard.
Best for: Playrooms, home offices, eco-minded homes

"Real wood ages with the house. Nothing else does that." — Bob

WHAT WE DO

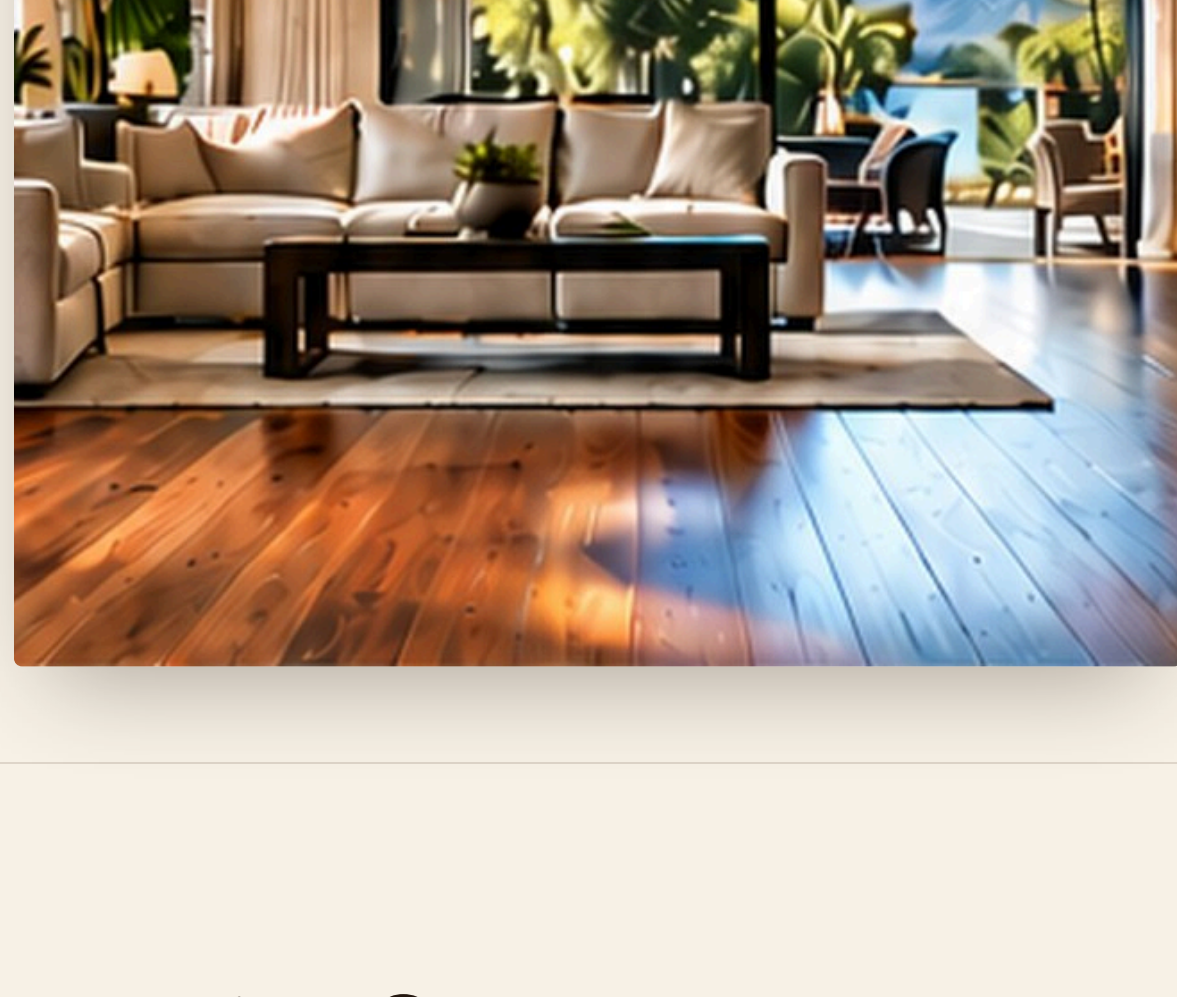

Six ways we help.

New floor installation

Any material, any room. Nail-down, glue-down, floating, stretched or set in mortar — whatever your subfloor and climate need.

- Free in-home measure & samples
- Furniture moving, tear-out & haul-away
- Transitions, trim & baseboards
- Final walk-through with Bob

[Get a free quote](#)

Refinishing & restoration
Most "ruined" floors aren't. We sand and refinish hardwood, polish terrazzo and marble, and deep-restore tile and grout.

- Dust-contained sanding
- Terrazzo & marble polishing
- Stain changes & color samples
- Grout cleaning, color-seal & regrout

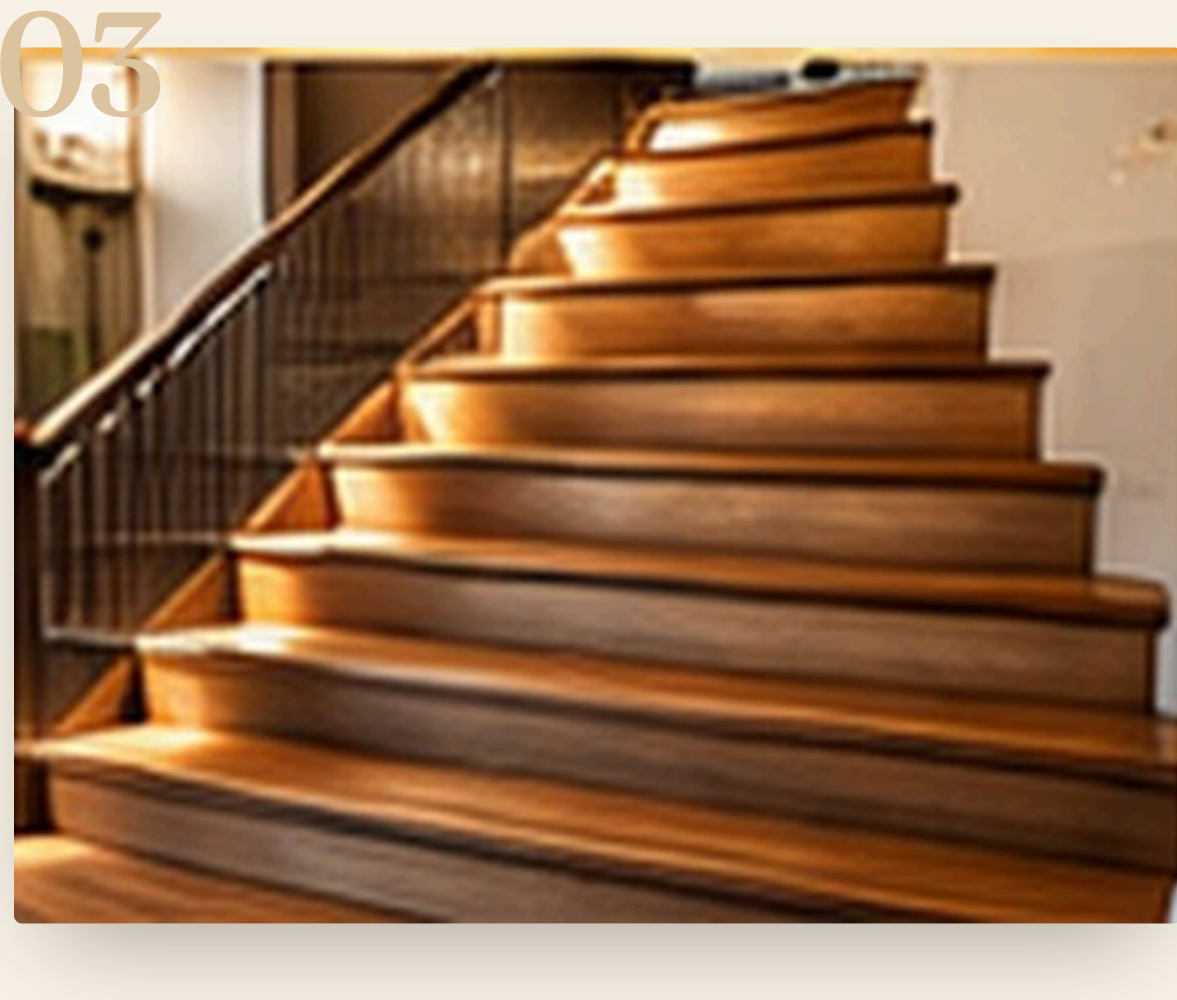

[Get a free quote](#)

Stairs & custom work

Staircases, inlays, borders and medallions. The details are where 60 years of experience show.

- Carpet-to-hardwood stair conversions
- Stair runners & carpeted stairs
- Inlays, borders & medallions
- Matching treads & nosings to any floor

[Get a free quote](#)

Repairs & matching
Water damage, pet stains, a cracked tile or a squeaky board — we patch and match so you can't find the repair.

- Board & plank replacement
- Cracked tile replacement
- Carpet re-stretching & seam repair
- Squeak & bounce fixes

[Get a free quote](#)

Subfloor & moisture prep
The invisible part that decides whether a floor lasts. It's included in every Bob Miller job.

- Slab moisture & pH testing
- Grinding & self-leveling
- Vapor barriers & crack isolation
- Plywood subfloor repair

[Get a free quote](#)

Commercial flooring
Restaurants, offices, retail and hospitality. Nights and weekends so you never lose a day of business.

- Commercial LVT & carpet tile
- Porcelain & sheet vinyl
- After-hours installs
- Multi-location rollouts

[Get a free quote](#)

GOOD QUESTIONS

Frequently asked.

Which floor is right for my home?	+
Do you really install carpet, linoleum and tile too?	+
Is laminate (like Pergo) as good as vinyl?	+
How much does a new floor cost?	+
How long does installation take?	+
Do you move furniture and remove old flooring?	+
Are you licensed and insured?	+

Tell us about your floor.
**Let's find the perfect floor for
your space.**

Bob brings samples of anything on this page to your home so you can see them in your own light.
