IN PLAIN WORDS

What the Bid Finder Is

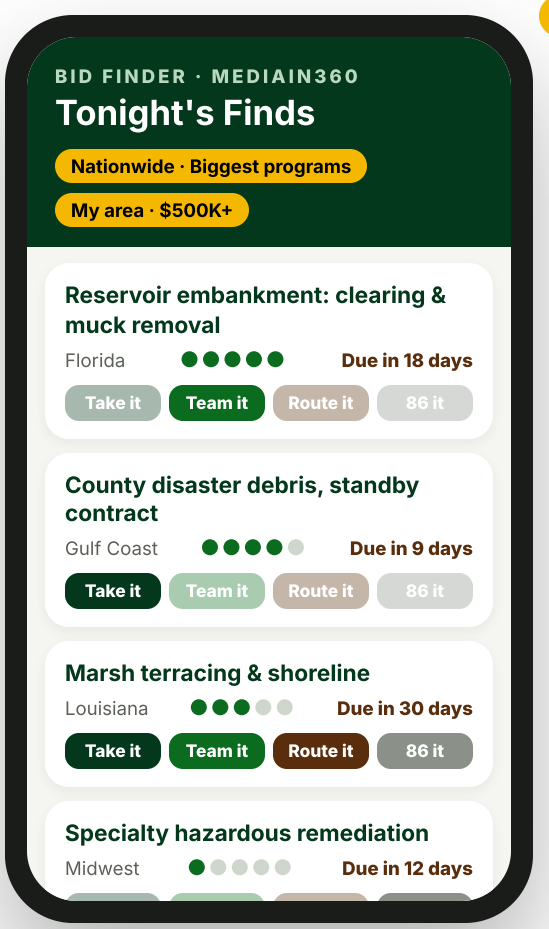

A private app, built just for Everglades. Every night it searches public bids and programs across the country. Every morning it shows Matt only what's worth his time.

1. **While you sleep, it searches.**
   Federal, state, county, city, water districts, utilities and the big prime contractors.

2. **Every morning, you pick.**
   Tap Take it, Team it, Route it or 86 it. That's it.

3. **We help with the legwork.**
   For the ones you pick, we can explain the bid in plain English and help write and produce it.
