TerraALL

STRATEGY PRESENTATION

The Digital Infrastructure Behind Everglades

Every earthwork job. Any size. Anywhere.

A SERVICE OF

EVERGLADES RESTORATIONS & LAND CLEARING INC.

Prepared for Matt & Sam · Everglades Restorations & Land Clearing Inc. · October 2026 · Confidential

MEDIAN360

THE BIG IDEA

Every earthwork job gets the call.

$100
THE DRIVEWAY CULVERT

$100B
THE RESTORATION PROGRAM

Big firms skip the small jobs. Small firms can't touch the giant ones. Everglades can do both — and TerraAll makes sure every one of them comes through the door.

THE WHOLE SYSTEM

Not a Website. A Living Digital Infrastructure.

The website is just one piece. Four parts work as one system: built, housed and run entirely by MediaIn360.

01

Be Found

Website, job videos, search and AI answers. Buyers find Everglades the moment they look.

02

Find the Work

TerraAll Project Finder searches public bids everywhere, every night.

03

Win the Work

The best bids dug into, explained in plain English and packaged to send.

04

Keep It Running

Hosting, upgrades, support and new ideas. It never sits still.

Not a bid feed. Not an agency. The whole system, for one company.

INTRODUCING TERRAALL

Same Company. A Wider Front Door.

The digital front door

Catches every request — any size, any buyer, anywhere.

The licensed company

Licensed, bonded and insured. Government, prime and major work — the name government buyers check.

Vetted Partner Network

Licensed, insured specialists for the jobs Matt chooses to route.

Terra = earth, the work. All = every job, every size, everywhere.

TerraAll works under Everglades Restorations & Land Clearing Inc. and carries its license number on every page, so it has Everglades' credibility from day one.

WHERE WE'RE TAKING IT

How We Make This Bigger

Proof

Your videos become the proof

Every job you've filmed becomes a page buyers can see.

Found

Everywhere buyers look

Google, YouTube, AI assistants and bid portals all lead to Everglades.

Listed

On every list that matters

Signed up with every agency and big contractor, so the call comes before the bid drops.

Prime

Go after the enormous ones

The Project Finder spots the biggest projects for Everglades to lead.

Sub

Or find who's leading

If Everglades isn't the prime, we find out who is, and whether they need a sub.

Wide

Any state, any country

Growing one real job at a time.

Nothing changes for you. We run everything behind the scenes.

FIND THE WORK

Meet the TerraAll Project Finder

A custom app that searches public bids everywhere, every night, and brings back the ones worth chasing. Housed and run by MediaIn360. Nothing to install, nothing to learn.

🏛️ Federal · 🗺️ States · 🏙️ Counties & cities · 🏫 School boards · 💧 Water districts · 🛣️ Transportation · ⚡ Utilities · ⚓ Ports & airports · 🏗️ Prime contractors · 🌎 International

Matt sets the dials:

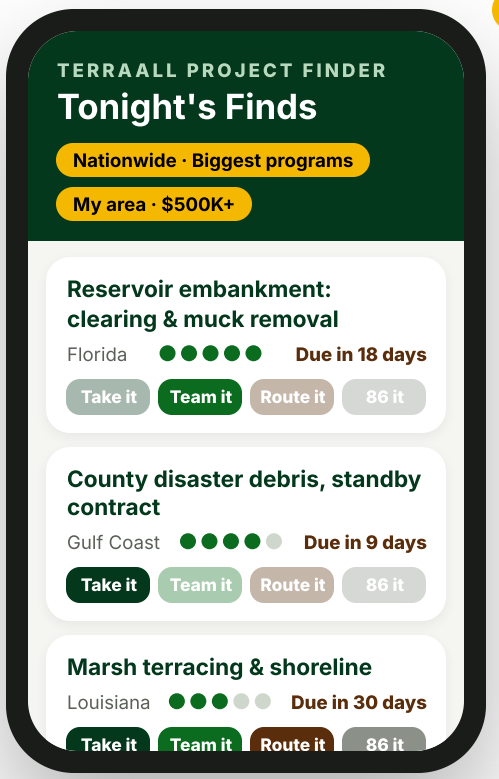

Size
Local jobs to billion-dollar programs

Area
A county, a state, the country or beyond

Work
Only the services Everglades wants

Role
Lead it as prime, or find the prime and sub

EXAMPLE

Built from scratch, just for this. Real build, real running costs. We'll work out the numbers together, in person.

FIND THE WORK

Take It. Team It. Route It. Or 86 It.

EVERGLADES DOES IT

Take It

Large clearing, restoration, government and prime work, storm response. The crew performs and the job becomes proof.

EVERGLADES LEADS

Team It

Everglades runs the job and brings in a licensed partner for a specialty or extra capacity.

A PARTNER DOES IT

Route It

Too small, too far or too specialized? A vetted partner performs — and Everglades earns points on the work.

NO OBLIGATION

86 It

Not a fit? Pass. No cost, no commitment. The request still teaches the system what buyers want.

TerraAll never obligates Everglades to anything. The partner and referral structure is set up once with the company's attorney before launch.

WIN THE WORK

From Find to Finish

FINDER
Find
Every public source, every night

MEDIAIN360
Sort
Worth it, or not

MEDIAIN360
Dig In
Who, what, where, when, why, how, and how to bid it

MATT
Decide
Take, team, route or 86

MEDIAIN360
Prepare
First draft and documents

MATT
Price
Pricing and financing touches

TOGETHER
Send
Final package assembled and out the door

Tomorrow night it starts again. Get ahead of the curve, and stay there.

Matt stays in charge. He sets every price, checks every statement and signs every bid.

No guarantees. We make every bid stronger and get it in on time. Awards are always the agency's decision.

Dig In: The Bid in Plain English

Hundreds of pages of government language

Bid Summary: Canal Maintenance Task Order

EXAMPLE

WHAT THEY WANT	Clean out and reshape canals; haul and dispose of the material.
WHO CAN BID	✔ Small businesses in the award pool. Everglades qualifies.
MUST HAVE	✔ License, bonding, insurance, safety plan
MISSING	! Updated safety record letter
KEY DATES	Site visit XX/XX · Questions due XX/XX · Bid due XX/XX
OUR TAKE	Strong fit. Recommend Take it.

KEEP IT RUNNING

The TerraAll Digital Findability Network

Living, breathing, growing and smarter every month. Designed, developed, perfected, managed and maintained by MediaIn360.

Hosting & Security

Housed on MediaIn360's servers, with backups, security, monitoring and fast pages.

Maintenance & Support

Fixes, updates and changes handled quickly. One call or text, and it's done.

Upgrades & New Features

The system keeps growing: new pages, tools and ideas as the business grows.

TerraAll Project Finder

Every public source, every night, filtered to the size, area and work Matt chooses.

Video & Content

The job-video archive, a page for every job, the opening video and a short film for agencies.

Bid Preparation

Bid reviews, plain-English summaries, first drafts and final packages. Matt prices and signs.

Specialists Managed

Outside vendors and experts brought in and directed, so Matt never has to chase anyone.

One Point of Contact

One accountable partner for everything digital, with regular reviews of what's next.

A living system we keep feeding. It keeps feeding you work.

TERRAALL

Every Earthwork Job.
Any Size. Anywhere.

From the smallest job to the largest undertaking.

Built in the Everglades. Ready for Anywhere.

TerraALL
